

Martin Head-Gordon, His Group, and Their Science in the Late 1990's

C. David Sherrill

*School of Chemistry and Biochemistry and School of Computational Science and Engineering,
Georgia Institute of Technology, Atlanta, GA 30332-0400*

This historical talk will present some recollections of the happenings in the Head-Gordon group from the late 1990's, when people like Roi Baer, So Hirata, Anna Krylov, Christian Ochsenfeld, and Troy Van Voorhis, and Chris White were in the group.
